

## GIRLS BANQUETED

### THE GIRLS OF PRESBYTERIAN CHURCH GIVEN A DELIGHTFUL BANQUET

With the Ladies' Aid society acting as hostess, the banquet given in honor of the Sunday School girls of the Presbyterian church Thursday night, was scheduled to be a success from the start. And a success it was, from the moment it opened until the singing of "America" marked the close of the evening.

Lavishly decorated with roses, asparagus, fern and ivy, the Sunday School room made a lovely background for the bevy of pretty merry-makers. In the center of each table was a huge basket filled with Cecil Bruner roses and adorned with a pink tulle bow. The girls at each table had as their individual hostesses their Sunday School teacher. Red, Edmonds acted as master of ceremonies, and Miss Hindbaugh, secretary of the Y. W. C. A. of Los Angeles, was the speaker of the evening.

Miss Hindbaugh's talk to the girls was full of understanding and appreciation of girlhood, something rarely found in a public address. Possibly this is because Miss Hindbaugh is a girl herself, full of enthusiasm, life and laughter, the kind of woman who can reach the heart of a girl because she has the heart of a girl. The words she spoke were filled with strength and beauty, and will be long remembered by the young women who were so fortunate as to hear them.

The supper menu was:  
Chicken Patties  
Creamed Peas and New Potatoes  
Lettuce and Olive Salad with Mayonnaise Dressing  
French Rolls and Butter  
Fresh Strawberries and Ice Cream  
White Mountain Cake  
Hot Cocoa

There were about ninety-six guests.

### MR. CONNOR IMPROVING

Mr. James Connor, who formerly conducted the "Home Dairy" in Glendale, and who was painfully injured when a truck he was driving near Redlands turned over and fell 150 feet down the mountainside, last week, is improving rapidly at his home on Kenneth Road.

It may be safely said that Mr. Connor had a miraculous escape. The truck, which Mr. Connor was driving for a fruit association in Redlands, turned over in rounding a sharp curve in the mountains, throwing him out, then turned over several more times before ending its terrific fall down the mountain side. Mr. Connor escaped with a broken collar bone and a few bruises. Had he become entangled in the machine and fallen the entire distance, he would have had small chance to survive the fall.

### GLENDAL GUN CLUB CHARTER BEING HELD AT SACRAMENTO

Mr. W. E. Palmer, Secretary of the Seven Hills Club, who also promoted the Glendale Club, has recently received some correspondence from Mr. J. J. Borree, Adjutant General, at Sacramento, in which he advises that he is holding the Glendale Club's charter owing to some complaints made at his office by some of the members of the Seven Hills Club. Mr. Palmer states that the checks to purchase rifles were made payable to the treasurer of the club and that he alone had the authority to handle this matter. It seems that the funds were caused to remain in the bank for some time before the requisitions and papers were executed to purchase these guns. Mr. Palmer states that he was not to blame for this, as he had no control over these funds, as they were not made payable to him. The Assistant Cashier of the bank has also written to the Adjutant General, Mr. Borree, mentioning these facts. It is believed that as soon as he learns that the matter is not as has been represented to him, that he will grant the approval of the Glendale Club's charter.

### MISS MCCONNELL TO WED

Friends of Miss Lila McConnell, 323 N. Maryland, were greatly surprised at the announcement of her engagement to Mr. Mills Butler Clapp of Redlands, which occurred at the charming shower given by Miss McConnell in honor of Miss Lois Spickerman, Wednesday evening. Miss McConnell's wedding will be a Spring event.

Time, although not equipped with wings, can fly as fast as the swiftest flying bird.

## AT THE HIGH SCHOOL

### "THE ROSTRUM" BANQUET FEATURED BY FLIGHTS OF WIT AND ORATORY

What proved to be one of the most successful events of its kind ever given in the school was the banquet of the members of the Rostrium Debating Society held Thursday noon in Miss Hanson's cooking room. The room was artistically draped with large American flags, while the long table supported several large vases of red, white and blue flowers, making quite a patriotic setting for the event. Another decorative feature was the presence of a beautiful hand painted place card for every one of the thirty-seven guests. These pieces of art were the work of Frances Gauntlett, who is a member of the club.

Before the dinner was half over Toastmaster Berna Martin, who is president of the Rostrium, gave a short speech, after which he called on Harland Durand to speak on the subject "The Rostrium." Durand started with the Rostrium where it was organized over a year ago and gave a careful description of every action taken by the club since its formation. He told how the society had risen from the 'deadest' organization in school last year to one of the foremost debating societies of Southern California high school ranks. Mr. W. D. Root, the debating instructor, was the next speaker, his subject being "The Spring Drive," referring to the annual Rostrium banquet. Harold Venske followed him with a clever toast on "Targets." Miss Mae Church, the school librarian, then spoke on "Our Munition Factory," meaning, of course, the library. She stated that of the 1536 volumes in the library over 50 of them are devoted to debating.

The subject of the next speech was "The Commissary," given by Dan Hagin. He discussed the generosity of the cooking department and thanked Miss Hanson, on behalf of the Rostrium, for the excellent banquet which had been served by her and her cooking department. Guy Bennett then gave a short talk on "Selective Draft," his subject referring to the debaters of the school. Sam Durand followed this with an enthusiastic talk on "Victory," after which a toast to "Old Glory," was given by David Johnston.

The feature of the day was the toast to Woodrow Wilson, the Man of the Hour, given by Frank Balthis. Frank's subject was "Our Chief," and he upheld his oratorical honors brilliantly in speaking of the President. Miss A. C. Terry, the oral expression teacher, then gave an interesting talk on "Censorship," humorously changing the 'censor' to sencer. The next speech was by Kenneth Beldin, his subject being "Patriotism in the G. U. H. S." It was followed by a very fine toast to the class of '17 given by Mr. Howe. His subject was "The Old Guard," and was considered by many to be the best of the day.

Prof. Moysie concluded the entertainment by an inspiring talk on "Our Big Family," substituting the word 'big' to 'happy.' He told of the remarkable growth of the school during the past few years and stated that he believes Glendale Union High School has the happiest bunch of students of any school in the southwest.

### GREAT ENTHUSIASM AT P. E. O. CONVENTION

Thursday was banner day at the big State P. E. O. C. nvention in Hollywood yesterday. With nearly one hundred and fifty delegates and five or six hundred guests, the assembly fairly hummed with activity and enthusiasm.

During the course of the meeting, the glad hand was extended to Glendale for the wonderful reception of the Grand P. E. O. Convention which was held here three years ago. The Glendale association, as well as the merchants of Glendale who decorated their places of business so lavishly for the occasion, were warmly praised for way in which they had received the delegates and staged the big affair.

The delegates from Glendale and Tropico were:  
Chapter L—Mrs. R. E. Chase and Mrs. Arthur C. Brown.  
Chapter B A—Mrs. A. L. Weaver and Mrs. Eva Cunningham.  
Chapter A H—Tropico—Mrs. Ed Lynch and Mrs. H. T. Goodwin.  
Besides the delegates there were about thirty P. E. O. members from Glendale and Tropico present.

Today is the last day of the festivities, and Glendale will be well represented as usual.

## TRUSTEES' MEETING

### STEPS TAKEN TO PROVIDE FOR PROTECTION OF PURITY OF VERDUGO CANYON STREAM

The regular meeting of the Board of Trustees of the City of Glendale was held in the City Hall, Thursday evening, May 10, 1917. Present: J. S. Thompson, president of the board, and Trustees, Chas. Grist, R. M. Jackson, F. L. Muhleman, G. B. Woodberry. Also present J. C. Sherer, City Clerk; T. W. Watson, City Manager; W. E. Evans, City Attorney; H. B. Lynch, Manager Public Service Department; G. H. Herald, City Marshal; A. H. Lankford, Fire Marshal. Absent, Edw. M. Lynch, City Engineer.

Secretary Church of the Chamber of Commerce was present and presented a report of the joint committee of that body and the Board of Trustees to which committee had been referred the matter of securing publicity for the coming of the Salt Lake preparedness train on May 26th. On motion of Trustee Muhleman, the report was ordered to be filed, the committee continued and that the committee meet on Tuesday evening next at 7:30 P. M. at the Chamber of Commerce.

In this connection, a letter was read from Mrs. Nanno Woods in reference to the food conservation campaign, suggesting that the proposed mass meeting be held on some other evening rather than that of May 26th.

The City Manager reported that he will be ready next week to begin the securing of data for the lot cleaning campaign. He stated that he had sent out sixty-five circular letters to lot owners calling their attention to the food conservation campaign and suggesting that they give the use of their lots for gardening purposes.

In reference to newly created insurance fund, he suggested the appointment of a committee to determine the disposition (as to investment) of the fund as it accumulates. On motion of Trustee Muhleman, it was ordered that money accumulating in this fund be invested by committee consisting of the Chairman of the Finance Committee, Manager Public Service Department and the City Manager.

Reports were received and ordered to be filed from the City Clerk and the City Treasurer.

On motion, Resolution No. 948, "A resolution of the Board of Trustees of the City of Glendale adopting a map and specifications for improvements to be made on a portion of Grand View Avenue," was taken up for reading.

Upon motion of Trustee Grist, the same upon being read, was adopted.

On motion, Resolution of Intention No. 947, "A Resolution of the Board of Trustees of the City of Glendale declaring its intention to improve a portion of Grand View Avenue in said city," was taken up for reading.

Upon motion of Trustee Muhleman, the same upon being read, was adopted.

On motion, "An Ordinance providing for the protection of the purity of domestic water in Verdugo Canyon, prohibiting the erection or construction of cesspools, in certain portions of said canon, regulating the portions of said canon and repealing Ordinance No. 308 of the City of Glendale," was taken up for the first reading. On motion, this ordinance was declared read for the first time and was taken up for the second reading. On motion, this ordinance was declared read for the second time and was laid over till the next regular meeting for the third and final reading.

The City Attorney reported that as a consequence of a report having been circulated to the effect that certain parties had bought land in Verdugo Canon for cemetery purposes, the City Manager and himself had forwarded to Mr. J. Burrows Mitchell a letter calling his attention to the fact that the tract of land which he was reported to have purchased lies within the drainage section of the canon, and notifying him that the City of Glendale would oppose the use of said property for cemetery purposes, and that furthermore the city would at once take steps to pass ordinances and other regulations necessary for the prohibition of the interment of human bodies anywhere in the Verdugo Canon water shed.

On motion of Trustee Muhleman, the Board approved the action of the City Attorney and the City Manager in preparing and forwarding the said letter, and the City Attorney was instructed to prepare the necessary ordinances and resolutions in the case.

The Manager of the Public Service Department reported the loss of a

## READING CLUB

### MUTUAL BENEFIT CIRCLE DISCUSSES PREPARATION FOR CITIZENSHIP

"Preparation for Citizenship" and "Preparation for Home Life" occupied the time devoted to reading and discussion at the Mutual Benefit Reading Circle on Wednesday last.

Mr. McKeever, the author of "Training the Boy" believes that every boy should be taught from the beginning that he owes service to humanity, and that he should pay this debt to his fellow man and to the community in which he lives as surely as he would pay a financial obligation. His methods of inculcating the belief of this obligation in the boy are interesting. He says: "Train him from early boyhood to stay persistently at his post of duty even after he has become tired of the task. Let him find by actual experience what it means to long intensely for a thing or place of preference until such satisfaction has been earned by his own worthy efforts. Hold the boy to his appointed tasks (real work) until he is able to earn a living at some honorable industry. Have him go among the needy and suffering ones and do some actual relief work, until he gets some idea of the sting of a defeated life, and until his work of sacrifice has really given help and relief."

Mr. McKeever also pictures an ideal social center which he says every community should strive to possess. He says: "What a splendid service there can be rendered to any community through the use of a social center! It is a beautiful park with trees and greenwards and flower gardens. In the center stands a massive building containing a large auditorium, smaller apartments for the several clubs and societies of the young and the old of both sexes, and a well-planned library of clean, helpful literature. At a suitable point there is a swimming-pool for men, and apart from that another for women. There are fountains and wading-pools for the children. There is a small zoological park in one corner of the enclosure. Everything is clean and sanitary."

Those present at the meeting were: Mmes. Frank C. Ayars, A. M. Beamon, J. J. Boyer of Los Angeles, R. T. Burr, W. A. Burns, J. E. Colvin, Harry Ducey, H. H. Faries, J. H. Foley of Los Angeles, F. Vernon Hall, W. R. Heustis, H. B. Howeth, J. S. Jackson, H. C. Kennedy, F. R. Kurtz, A. P. Knight, H. B. Lockwood, J. H. Lord, O. C. Logan, S. C. Maranville, Ernest McConnell, A. L. Morgan, J. N. Marsh, B. H. Nichols, T. W. Sampson and the hostess, Mrs. Chas. H. Toll.

### INTERMEDIATE SCHOOL ATHLETICS

A successful indoor baseball season at the Intermediate School has been completed. In a hard fought inter-class series section A81 finally emerged victor. A picked first team to represent the school won four out of six games played while a junior team composed of smaller boys lost but one game in contests with outside schools.

Baseball is now the sport of chief interest at the 3d Street School. On Thursday the first team demonstrated its ability by defeating a High School Freshmen nine in a closely contested game resulting in a 4 to 3 score.

The Intermediate girls have organized an unusually strong indoor baseball team. Wednesday they completely outclassed a Tropico school team in what proved to be a one sided affair. Tropico accumulated 8 runs while the Glendale team ran up a score of 52 runs.

warrant that had been issued in favor of the Western Electric Company for \$3.20 (being warrant No. 1302) and requested authority to issue a duplicate. On motion of Trustee Grist, it was ordered that a duplicate be issued.

The Manager of the Public Service Department reported that an owner of acreage outside of the city limits and near the pumping plant on San Fernando Road desired to secure water from the city for irrigating purposes.

### FRATERNAL ORDER OF GLENDALE

This morning, Friday, May 11, (wish it were Thirteenth,) two early birds of the species Glendaliensis happened to meet in the Glendale Chamber of Commerce.

"I just looked in to see what kind of Fraternal Order this is," said the Income to him busy within working out details of a plan for future betterment of Future Greater Glendale.

"This," joyously answered the worker, inspired by the pregnant suggestion, as they clasped hands, is the dual beginning of THE FRATERNAL ORDER OF GLENDALE, a City-otic order for Glendale Betterment, composed of Life Members of the Glendale Chamber of Commerce, and Life Members in The Woman's Auxiliary to The Glendale Chamber of Commerce. Any member of the Chamber of Commerce or its Auxiliary may become a life member, till the limited roll of one hundred is complete. Then applications must wait till there is a vacancy.

"The Chamber of Commerce is the Lodge of Every man; the Clubroom of Everywoman, from the least, even unto the greatest.

"But the two of us have started something, the wheel within the wheel, giving added significance to this common meeting place of all who love Glendale, The Beautiful, the ONE-AMONG-TEN THOUSAND, the Altogether Lovely."

Then those two Life Members of the Glendale Chamber of Commerce Dr. Ambrose W. Teel, M. D., and Walt LeNoir Church, A. M., L. B., M. S. and C. C. D., again gave each other the glad hand, with the grip and password of the FRATERNAL ORDER OF GLENDALE; knowing that a little fraternal stone had been cut out of The Mountain Beautiful, which would roll down and fill all Glendale with that Fraternity which means Co-operation, which springs from wisdom's Vital Force, the creator, preserver and benefactor of Civic Achievement.

Why not become a Life Member of the Glendale Chamber of Commerce, or of its Woman's Auxiliary and so be eligible to membership in the unique FRATERNAL ORDER OF GLENDALE.

Secretary G. C. C.

Now that the booths on the midway are completed, the committees who have charge of the various concessions are doing the final decorating, each with the idea of their booth winning the prize which is promised for the best decorated one. The tables for the dinner are set up in the school building and look inviting.

Everything promises to be an old-fashioned get-together affair, and all Glendale plans to be there.

Under the direction of Dr. Wm. C. Mabry, the new camp fire stove on the playground has been completed, and here the "hot dogs" will be served. This stove is a substantial affair of cement and brick, and will be a permanent fixture on the playground for the use of picnic parties. The candy that has been donated, will be received by the candy committee at the booth on the playground any time after 2:00 o'clock.

### UNITED STATES PRODUCES MOST WAR METALS

Man burrows in the earth and sails under the water to protect himself from a deadly rain of metals. Metals have lost favor as weapons of defense but they are still, as in old times, the chief weapons of offense and very offensive they are.

Of all the countries the U. S. is undoubtedly the best equipped with metals. Just before the war America stood first in the production of iron ore. We produced a little more than twice as much as Germany. France and England were far behind, each producing about one-quarter of our total.

The lead production of the world in the last year of peace was estimated at 1,270,458 short tons. Of this total the United States contributed the largest amount, 411,878 tons; Germany was second with 199,627 tons; Mexico had 68,343 tons. Spain and Australia produced most of the balance. Mexico's contribution was not as large as usual owing to its political upheavals.

The principal lead ore is galena, which is a bluish gray sulphide of lead found both in masses and crystallized in cubes. Galena contains usually about six and one-half parts or lead to one of sulphur. Silver is usually found in it and often a little arsenic, antimony, copper, zinc, gold, iron and bismuth.

Missouri heads the list in lead production. Idaho is a close second, followed by Utah and Colorado. In normal times, leaving out of con-

sideration the present world war, about one-third of the lead produced is used for making pipe, one-fifth for shot and the rest for sheet lead and alloys.

In addition to leading the world in iron, steel and lead, the United States is the largest producer of zinc, supplying about one-third of the world's total. In 1915 the country produced 489,519 short tons of spelter, which is the commercial name for zinc. Missouri contributed the largest amount. The chief use of spelter in war is for the manufacture of the casings of shells, which frequently are made of brass.

What is true patriotism? This is an excellent time to consider the meaning of patriotism—Love of country, love for doing right and living the life of a real man may be briefly considered qualifications for a patriot. Who is to judge us as to our patriotism. That is a question hard to decide upon and it is one that is perplexing the people at the present time.
